You will be informed as soon as a place has been allocated to you. **Please note that placement in a residence takes place on the basis of academic merit.** Accommodation is limited and admission to a programme is no guarantee that a place in a University residence will be allocated to you.

- Register online from 21 January 2025. Please ensure you are registered by 31 January to avoid forfeiting your study space.
- Welcome Day is on 1 February 2025.
- Academic orientation starts on 3 February 2025.
- Classes commence on 10 February 2025.
- Visit the UP website for more information on Welcoming Day and the orientation programme.
- All new first-year students must attend the academic orientation.

Please note:

- UP follows a blended teaching and learning approach, which includes both online learning and in-person classes. It is therefore important for students to have access to an internet-enabled device, preferably a laptop. The minimum recommended specifications are an i3 processor with 8GB of Ram and 500GB of storage. Some faculties, eg the Faculty of Engineering, Built Environment and Information Technology (EBIT) and the Faculty of Natural and Agricultural Sciences (NAS), among others, require higher specifications and specific software.
- In order to register at the University of Pretoria you will need to meet all enrolment requirements. This includes academic and statutory requirements and financial prerequisites. Your admission is based on the information provided in your application submitted to the University. In the event that you provide false or incorrect information, or make any misrepresentation to the University, your admission may be summarily cancelled.

Language of tuition

English is the language of teaching and learning for all first-year programmes. The only exception is where students are studying other languages and in programmes with profession-specific language outcomes, subject

to approval by Senate. English is also the language of official communication and administration on all campuses and in residences. Where requested and feasible, administrative services may be provided in other South African languages.

Important: Please quote your **student number** and **proposed programme** in all correspondence and enquiries.

We wish you a pleasant and successful period of study at the University of Pretoria and trust that you will make full use of the opportunity to realise your ideals.

Yours sincerely
